City of Las Vegas  
400 Stewart Ave. - 3rd Floor  
Las Vegas, NV 89101-2986  
Attn: Paola Axelrod - Privileged Licensing Division

This letter is a formal request for a temporary Locksmith and Business License to be provided to Keith A. Farrar and Peter Levy, owners of United Lock and Security, Inc.

Since the official licensing process can take four months or more the owners of the company would experience a financial burden during this time frame. A temporary license would allow us to pay rent on a location we have leased to satisfy the city requirements. A temporary license would also allow us the ability to provide income for our families.

History of the parties requesting the temporary license:

- Keith Farrar and Peter Levy have no criminal records and "Scope" printouts have been provided to the City Licensing division for Metro, North Las Vegas and Henderson.
- Keith Farrar and Peter Levy have California locksmith licenses which involve an extensive background check.
- Keith Farrar and Peter Levy have (Peter still does) worked for Locksmith companies in Las Vegas performing the same exact work we are requesting the licensing for.
- Keith Farrar possesses a Nevada CCW, so a background check of some relevance has been done by LVMPD.

Thank you for your consideration.

Keith A Farrar / Peter Levy
